Industrial Diamond Abstracts

VOLUME 24 JANUARY to DECEMBER 1964 Nos. 278 to 289

General Notes: (1) individuals, societies, and institutions appear in the first part of the index, whilst commercial companies and trade names are listed in the second part. (2) Lists of new patents (section W) are not included. (3) Patentees from patent abstracts are indicated by an asterisk. (4) Abbreviated words, *eg* St for Saint, Mc for Mac, appear in the alphabetic order of the full version. (5) Numbers given are abstract numbers: In order to locate in which issue a given abstract may be found a key is appended. (6) Abstract numbers in brackets are of 'internal' references, *ie* they are not authors of the articles or patents but are referred to in the text.
